PAR BAY | BIG LOCAL KEY LEGACY PROJECTS

SKATEPARK

A place for kids with wheels of all sizes who love urban sports. Nine years in the making the skatepark evolved into the Pump Track, a free community space, part of Par Track which is run by the local community.

The track is recommended for confident riders on BMX bikes, skateboards, scooters and wheelchair users.

Scan the QR code to watch the skaters in action:

CORNUBIA

Cornubia, the principal Par Bay Big Local legacy investment funded by the National Lottery, has been refurbished to provide a vibrant venue to serve the communities of Par, St Blazey and Tywardreath, helping to build a more resilient community by fostering social enterprise, encouraging creativity and promoting healthy living.

MPOWER KERNOW

The MPower project provides practical training opportunities in transferrable STEM (Science, Technology, Engineering and Maths) skills, particularly for those from underprivileged backgrounds. MPower is working with a range of stakeholders to develop training facilities for the low carbon, engineering, construction and rail industries in St Blazey. Our learners gain hands-on experience whilst restoring and regenerating important Cornish industrial heritage infrastructure and equipment. At the heart of the Cornish rail network, the MPower site is easily accessible by public transport via Par Station. MPower is helping to alleviate structural inequality and promote social mobility for the deprived community of Cornwall.

COMMUNITY GARDEN

The Community Garden is one of Par Bay Big Local's key legacy projects. Our aim is to create an accessible space for all to enjoy which will inspire young and old to grow fresh vegetables, work with other local groups to promote gardening and provide a central point where all can share the joy of growing with others.

KERNOW YOUTH

Kernow Youth CIC was established in May 2015, to engage with and support the children, young people, and the wider communities in the Par Bay Area. Kernow Youth engages, inspires, and supports young people in the St.Blazey, Par and Tywardreath area, through youth work. This makes a positive difference to their wellbeing and ability to maximise their quality of life through informal education and positive activities.
